

Hygiene Consent Form

In the classrooms, we work on hygiene to increase each student's self-help skills. These activities are a great way to work on becoming independent at taking care of oneself. These activities can occur daily, weekly, or monthly, depending on each student's needs.

It may involve your child:

- Brushing teeth
- Putting on lotion
- Washing face
- Putting on deodorant
- Combing/brushing hair
- Clipping fingernails

ICA will be purchasing the materials for these activities. Please sign to give your student permission to participate. If you have any questions or concerns please contact a member of the healthcare team at the following number:

Nurse Desiree at Fairview Heights- 618-398-7500 x204

Nurse Liz at Belleville- 618-398-7500 x307
